*LG0094-#	*SEE NOTE	2	VARIES
LG0094	68.00" [1727.2]	1	9.30 [4.22]

* The number following the dash represents the Length (in.) in 2 place decimal form. For part number, remove # and insert numbers after dash. Length should be rounded off to the nearest .50" Example: If the length is 33.00", the part number would be LG0094-3300.

Part numbers may also have a non-numeric suffix.
Example: LG0094-6400-**P** "-P" indicates paint

From fifth wheel rebuild kits to suspension bushing repair kits, SAF-HOLLAND Original Parts are the same quality components used in the original component assembly.

SAF-HOLLAND Original Parts are tested and designed to provide maximum performance and durability. Will-fits, look-alikes or worse yet counterfeit parts will only limit the performance potential and could possibly void SAF-HOLLAND's warranty. Always be sure to spec SAF-HOLLAND Original Parts when servicing your SAF-HOLLAND product.
